

Conference on Youth Empowerment and Entrepreneurship

10 - 11 September 2014

European Youth Education and Meeting Centre in Weimar (EJBW)
Jenaer Straße 2, 99425 Weimar, German

Dear Colleagues and Friends,

Youth Empowerment is about opening up new spaces, where young people are taken seriously, where it is allowed to make mistakes and where they are able to take over responsibilities. It is also about learning from each other and creating profound relationships between adults and youngsters.

Opening up these kind of spaces usually open up the minds of the involved persons as well, and enables us to see the world around us with new eyes and filled with opportunities. This is the basis for entrepreneurial thinking and acting that helps youngsters and adults to exploit an opportunity, change the game (a bit), and gather resources needed.

In this context we invite you to the

Conference on Youth Empowerment and Entrepreneurship on the 10th and 11th September 2014 in Weimar, Germany

(Participation in this Conference is free)

The aim of the conference is to be such a place, where Empowerment is palpable and where the exchange of experiences and knowledge opens up our minds.

This conference is the final event of the European Youth Empowerment Research Project (EYERP), financed by the Youth in Action Program of the European Union. With experiences made during the EYERP we would like to set some impulses during the conference in order to facilitate the learning field on Youth Empowerment and Entrepreneurship.

We hope to see you there,
your EYERP-Team.
